

# SHOOTING FEDERATION OF CANADA

## 2023 ANTI-DOPING ATHLETE AGREEMENT

### of the

## 2021 CANADIAN ANTI-DOPING PROGRAM

I understand that my national sport organization, the Shooting Federation of Canada, has adopted the 2021 Canadian Anti-Doping Program (CADP).

1. I specifically agree that, as a member of the National Athlete Pool (NAP) in my sport, I am subject to the CADP and accordingly shall be bound by all the anti-doping rules and responsibilities contained in the CADP.
2. I agree to complete the online education “True Sport Clean” when I am requested to do so and within the required deadline parameters.
3. I agree that I have been educated regarding the anti-doping rules and violations contained in the CADP.
4. I agree that it is solely my responsibility to secure a Therapeutic Use Exemptions (TUE) for each prohibited or restricted medication that may be prescribed to me according to the WADA code. Furthermore, should I fail to keep my TUE up to date or to have a TUE for a medication, I will automatically be removed from any competition for which I have been named and will have no recourse for appeal. Furthermore, should I test positive at a competition, I acknowledge that there will be consequences and possible removal from the team.
5. I understand and acknowledge that, should I test positive for a substance on the restricted or prohibited list for any reason, ALL my scores acquired in-between the time of sample collection and the time the penalty for doping violation is lifted, will be automatically nullified.
6. I acknowledge that information, including personal information about me, can be shared between anti-doping organizations for anti-doping purposes and such information will be used only in a fashion that is fully consistent with the limitations and restrictions contained in the World Anti-Doping Agency’s International Standard for the Protection of Privacy and Personal Information.
7. With the understanding that any disclosure is for the sole purpose of assisting the CCES in enforcement of the CADP, I consent to have police and law enforcement agencies, border services agencies, Sport Organizations of which I am a member and sporting clubs and athletic associations to which I belong, in Canada and elsewhere, disclose to the CCES information in their possession relating to me that is directly relevant to potential anti-doping rule violations contained in the CADP that may be asserted against me.
8. By signing this agreement, I acknowledge that I agree with and remain subject to the clauses outlined above until such a time as I am removed from the NAP.
