## 2025 IDENTIFIED TEAM SELECTION CRITERIA

### INTRODUCTION

Identified team members are athletes at the “Train to Train” stage of the LTD. They need to hone their physical and mental skills, require regular coaching from an NCCP Comp Dev coach, build an understanding to develop a YTP, and attend competitions that are in line with their development level as an athlete. This will assist them in achieving higher stages of long-term development and enter the High-Performance Team.

Identified Team members will be encouraged to participate in provincial, national, USA and International Grand Prix competitions (upon approval of the ID Team Coach) in order to gain experience and develop their potential.
